

On Being an Acolyte: Christ the King Lutheran Church

Who and What Are Acolytes?

You are an acolyte. Acolytes are youth who serve the congregation during worship. Youth in grades 7 and 8 help this congregation worship well as a worship leader with specific duties that only you carry out. As an acolyte, you: light candles, assist with the Children's lesson, receive the offering, assist with Holy Communion, extinguish candles and more.

How Does An Acolyte Dress?

Everybody who participates in the service dresses according to the role s/he performs. The pastor wears a robe and a stole. Acolytes wear acolyte robes. Wearing robes reminds us of a couple of things. We symbolize what scripture calls the "robes of righteousness" reminding people that God makes us "right" with God through Baptism. Robes also help the congregation recognize you as a worship leader, and that is what you are.

Where are the Robes Located?

Robes and lighters are located in the "vestry" area which is North of the choir loft. You get ready for your ministry in this room. When your service is completed, it is your responsibility to hang your robe neatly in that room.

What to Wear

Dress pants or dress, nice shoes, white robe, cincture (rope). **Do not wear shorts or ratty Shoes.**

Points to Remember

1. Please remember that you fill a role that is unique to your position. Others will not be prepared to cover for you. If you do not show up for your duties, you are missed and it puts additional stress on PJ to find somebody to fill your spot – at a time when he has many other details to cover.
 - a. Remember that if you don't show up, everybody knows of your absence because your name is listed in the bulletin.
2. If you will be absent, it is your responsibility to find a replacement to serve in your place. You must also notify the church office of this change so that it can be listed correctly in the bulletin. Do so no later than Thursday morning of the week prior to the change.
3. When finding a replacement, it is best to switch days with another youth so that everybody serves equally.
4. Be sure to arrive at the church early! Be in the vestry at least 10 minutes prior to the service and get your robe on. If you need assistance, the assisting minister can help you.
5. When using the candle-lighters, remember that after you snuff the flame from the wick, you need to push the wick out so that it can be lit again. If you pull it into the candle-lighter and leave it down, it is possible for the wick to get stuck.
6. If you find that a wick is stuck in the lighter, heat up the brass with a flame until it comes free. When it is stuck, do not force it out. Be gentle, or it will be more difficult to fix.
7. Be sure you know how to change the wicks of the lighters. Only change the wick if you have less than two inches of wick remaining.
